

## We Ask "WHY COUGH?"

Q. What is good for my cough?  
A. Ayer's Cherry Pectoral.

Q. How long has it been used?  
A. Seventy years.

Q. Do doctors endorse it?  
A. If not, we would not make it.

Q. Do you publish the formula?  
A. Yes. Or every bottle.

Q. Any alcohol in it?  
A. Not a single drop.

Q. How may I learn more of this?  
A. Ask your doctor. He knows.

## Ayer's Cherry Pectoral

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

## IN THE CIRCUIT COURT OF THE THIRD CIRCUIT, TERRITORY OF HAWAII.

### AT CHAMBERS—IN PROBATE.

In the matter of the Estate of George Lincoln, Deceased.

Order of Notice of Hearing Petition for Allowance of Final Accounts, Distribution and Discharge.

On reading and filing the Petition and Accounts of John G. Lincoln, Administrator of the Estate of George Lincoln, deceased, wherein he asks to be allowed \$1,349.82, and he charges himself with \$5,041.24, and asks that the same may be examined and approved, and that a final order may be made of distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Administrator.

It is ordered that Wednesday, the 19th day of February, A. D. 1913, at ten o'clock a. m., before the Judge of said Court, at the Court Room of the said Court at Kailua, Island of Hawaii, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the Hawaiian Gazette, a newspaper printed and published in Honolulu, T. H., for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Kailua, T. H., this 2nd day of January, 1913.

JOHN ALBERT MATTHEWMAN,

Judge, Third Circuit Court, Territory of Hawaii.

Attest:

E. M. MULLER,

Clerk.

(Seal, Third Circuit Court).

Jan. 7, 14, 21, 28.

Per str. Claudine, for Lahaina and Kailua, ports, Jan. 27.—Geo. Samuels, V. S. Clark, J. L. Coke, Miss L. Apo.

### ONE YEAR FOR ASSAULT.

A sentence of not less than one year in Oahu prison at hard labor was imposed upon Fernando Dequillo by Judge W. J. Robinson in the circuit court yesterday morning. Dequillo, charged with assault with a weapon with intent to cause injury, decided to plead guilty to the charge.

Delphin Jacinto, who was arrested with Dequillo and charged with the same offense, entered a plea of not guilty and demanded a jury trial. It is understood that Jacinto will attempt to prove that he was an innocent spectator of the assault committed by Dequillo and is therefore not guilty of the crime.

Design Cottrell, the left-handed star of last year's Terentian team, who was drafted by the Chicago National club, will be a member of the Philadelphia Athletics next season. Cottrell's name was placed by mistake on a list of young players that the Cubs wanted to get waivers on and Mack grabbed him.

## TUCKER SETTLES WAIKAE SQUABBLE

Land Commissioner and Hiloites  
Thrash Out Grievances—People Will Be Consulted.

(Mail Special to The Advertiser.)

HILO, January 24.—The Waikae land squabble was straightened out, at least apparently so, at an informal meeting which Land Commissioner Tucker held at the land office last Thursday afternoon. It started as a conference between the land commissioner, Agent Williams, Senator Metzger and one of those backing the petition for the opening of the home lots. As it went on others dropped in and took a hand, notably C. C. Kennedy, J. A. Scott, John Bohmberg, Thomas Cook, Otis English and others.

The meeting started in a very lively fashion, and the discussion was exceedingly frank, the result being far more satisfactory than is that of the great public meetings, which have in the past been found to be lamentably barren of real results.

In the first place Tucker pointed out on the map the 216 acres which the government has selected for home lots. Thursday was the first time those present had been given a definite idea of where the lots were. As a matter of fact there had been no map in Hilo showing the lots selected until that day.

Surprise was expressed that the land selected should have been found unsatisfactory. The answer was made that while it was not as unsatisfactory as the tract which it was thought at first had been selected, owing to statements that it did not run makai of the road, while as a matter of fact it did, the tract selected was not satisfactory to those who were behind the petition.

In the first place it was stated that the Waikae people understood that Davies & Co. had told the government to select the tract it wanted. The Waikae people were therefore surprised that the government should have selected a tract which was not the one which the people had asked for, and, furthermore, a tract which had a number of disadvantages.

The land commissioner answered that the people had had a chance to express, and had expressed, their approval of the administration's scheme as outlined on the map. Tucker was under the impression that they had done so at the famous mass meeting. Tucker was not present at that meeting. He was told by several of those who had been present that the railroad right of way and the warehouse sites were the only matters which had been discussed at all definitely at that time.

#### Tucker Hears News.

Tucker was also told that the administration should also have known what the petitioners wanted in view of the fact that they had stated their wants in the original petition which asked for the land "adjacent to the land of Makako and Hoolulu Park."

The land commissioner in his turn surprised the petitioners by saying that this was the first he had ever heard of the existence of this petition. It was not in the files of his office, nor had any one ever told him about it.

The reply was made that the petition had been sent to the Governor about July, 1911. The petitioners thought they had a right to presume that the government knew what they were after, when they had so stated in their petition. Tucker answered that this had happened before he took office as land commissioner. As a matter of fact, if Marston Campbell, who was then commissioner, had desired to do so, he might have straightened out this, as well as many other troubles.

The point that the tract picked out was undesirable for many other reasons was also dwelt on. It was then shown that it includes the powder house, the pest house, the tuberculosis hospital, the garbage dump, a quarry and several rights of way.

"Who wants to live next to a pest house—or a powder house?" asked Bohmberg.

Tucker said that he would not like to do so himself, nor would he want to have anyone else do so. It would be necessary to move these institutions to another location, if the tract was finally opened.

#### What the People Want.

The talk drifted onto the subject of what the people really desired. It was pointed out that there was some unused land near Makako which had been asked for in the petition. Furthermore, there was a large tract of land lying between the Waioa river and the Hoolulu Park, and a large tract adjoining this section, all of which would be more desirable for home lot purposes than is the tract selected. Some of this land has been asked for by the board of trade for park purposes, namely the strip between the Hoolulu Park and the Waioa river, but it has not been so set aside, and there are many who believe that the land may be used to more advantage for homes than for a park, at least the greater portion thereof.

C. C. Kennedy, who knows more about Waikae than any other man, said that there was some very good land in that section.

The discussion was crystallized through a few questions by Metzger, who wanted to know if the commissioner would lend his aid to the proposition, should the people of Hilo send him a request definitely outlining just what they wanted in this line. Tucker said that he would do so. Metzger asked if it was essential that the request be confined to one single parcel, or whether several separate sections might be included in the request. Tucker answered that there might be several.

Tucker said that while the 216 acre tract presumably will be opened, there are many questions connected therewith which will have to be decided. Among these are the removal of the powder house, the pest house and the consumptive home. In the meantime he will send to Hilo a map showing the entire countryside in question, and the Waikae petitioners are to mark out thereon the section which they wish to have opened. He will not start the surveyors to work until this report has been received.

Tucker was asked what arrangements

## INTER-ISLAND IS GIVEN UNTIL TOMORROW

Ultimatum Goes to Company and  
Directors' Meeting Has  
Been Called.

TERMS SEEM IMPOSSIBLE

Those on Inside Fear That Strike  
Is Imminent—May Come  
Very Soon.

Practically issuing an ultimatum to the Inter-Island Steam Navigation Company, the Honolulu Harbor of the Masters, Mates and Pilots Association yesterday gave it four hours to consider its demands, which were embodied in a resolution of the harbor empowering a committee to confer with the company on three disputed points.

The company and the masters and mates are very close to a deadlock and those closest to the center of things believe that a strike is imminent.

Yesterday negotiations between the directors of the company and the masters and mates was confined to stalling for time on the part of the former. The time asked was granted by the union after a conference in the afternoon, its only provision being that the captains on the conference committee be not dispatched to other islands with their vessels before Wednesday. This was submitted to the island company yesterday immediately afterwards and agreed to without parley.

The captains affected were Tullett, Oness and Olson. Of these first Tullett and Olson were relieved, the first by Captain Napala and the other by a mate in the service. Oness left on the W. G. Hall, which is to return before the conference on Wednesday, which it is hoped will be a final one.

Confer on Resolution.

Consequently matters are up in the air until tomorrow, but conferences in both camps are a continuous event. These concern the resolution, which is as follows:

Resolved, that a committee, consisting of three members of this harbor, be appointed to confer in connection with our legal advisers—with the Inter-Island Steam Navigation Company, and endeavor to obtain from said company an agreement whereby no member of this harbor shall be, against his will, dismissed from his employment by said company, unless: (1) by order of the United States inspectors, empowered to act in the premises; (2) the party sought to be dismissed shall admit the justice of his dismissal; (3) such dismissal shall be approved by arbitrators, one of whom shall be appointed under the sanction of this harbor, one by said company, and the third in such manner as shall be provided in such proposed agreement; and that any suspension from duty, pending such approved dismissal, shall be upon full pay.

The ultimatum that accompanied this resolution to the office of General Manager Kennedy of the company was an unusual one, couched in respectful language, but hiding none of its import, which practically amounted to a demand upon the company for immediate settlement. The committee, composed of Tullett, Oness and Olson, and the association's attorneys, A. S. Humphreys and C. W. Ashford, signed the letter, which is as follows:

#### Harbor's Ultimatum.

"The undersigned, being a committee appointed by resolution passed at a meeting of Honolulu Harbor, No. 54 of the order of American Masters, Mates and Pilots, held yesterday, and the legal advisers of said harbor, referred to in said resolution, hereby respectfully request your company to enter into an agreement with said harbor and its individual members, and those who shall be members of the harbor within the life of said proposed agreement, to the effect that members of said harbor who are now, or shall be, during the life of said proposed agreement, in the employ of your company, shall not be dismissed from such employment against their will, except in accordance with the provisions outlined in said resolution.

"Because of recent developments which, in the opinion of said harbor, indicates a disposition on the part of your company to enforce arbitrary dismissals of our employ, of members of said harbor, without stating any cause for such dismissals, our harbor considers this matter of the utmost importance and urgency to its members. Wherefore we respectfully urge that no delay, other than such as shall be absolutely necessary in the premises, shall be permitted. Your prompt and serious attention to the matter in hand is therefore respectfully, but urgently, requested."

The directors of the steamship company were summoned to a conference at once upon the receipt of this letter. Two directors were missing, one being ill and the other on Kauai and this was made the basis of the request of the company for further time to con-

sider the ultimatum.

Company Makes Reply.

At one o'clock General Manager Kennedy addressed a letter to the harbor giving the results of the morning's meeting and containing the request for more time. This resulted in another conference of the harbor. Kennedy's letter was as follows:

"Your letter of January 27, 1913, received after nine-thirty today has been considered by us as carefully as was possible in the short period intervening between its receipt and the writing of this answer at 1 p. m. Accompanying the letter was your verbal statement preferred through your attorneys to the effect that should your Harbor fail to receive an answer according to their demands by 2 o'clock today you would act as though your demands were refused.

"As soon as possible all available directors of our company were consulted. We were unable to confer with all of the directors, one of them being ill. Both of these gentlemen are not only directors but large stockholders. We feel that they should be present, if possible, at a meeting called for the determination of the very important questions covered in your communication. We feel further that the propositions contained in your letter are of so great importance not only to the stockholders themselves but to the public generally, that the short time allowed us by your verbal request is wholly insufficient to afford proper consideration thereof. It was possible that the receipts from the sale of the lots might be applied to this purpose.

Scott, Kennedy and others took on the question of securing for simple titles to the Road's Bay waterfront lots held by themselves and others. Tucker answered that he had never favored the administration's policy in this matter, as he believed that every holder of these lots who had complied with the preference right conditions should be given title. He was, however, powerless.

## COMMERCIAL TRADING IS SLOW, BUT PRICES FIRMER

Rubber and Tobacco Stocks in  
Strong Advance—Market  
Closes Steady.

(By Federal Wireless Telegraph.)

NEW YORK, January 27.—(Special to The Advertiser)—Trading was unusually dull in the opening today. First prices were either unchanged from Saturday's close or slightly lower. Amalgamated Copper and Steel were under some pressure. Canadian Pacific lost 1 1/2. Selling stopped soon after business began and the market rallied easily to Saturday's closing level.

Rubber was strong on increased earnings resulting from the prolonged spell of wet weather.

The street waited longer than usual for news from Washington that important decisions would be made today and sold stocks in the interim. Prices, however, were not lowered greatly, speculation being too quiet to cause any decided movement.

Tobacco stocks advanced in striking fashion and there was increased activity and strength in Can, which rose two points. Railroad shares scarcely moved, but their tone was better.

The market closed steady.

## CLOSING QUOTATIONS IN SAN FRANCISCO

(By Federal Wireless Telegraph.)

## BIG CORPORATIONS ELECTING OFFICERS

Annual Meetings Commence This  
Week—Hawaiian Fertilizer  
Company Prosperous.

Beginning this week there will be a series of annual meetings held by the corporations of the Territory, most of them being at the offices of their agencies in this city. Nearly all of the sugar companies will have stockholders' meetings here, although a few meet in San Francisco, under the laws of which they are organized.

The Hawaiian Fertilizer Company, Ltd., held its annual meeting yesterday in the offices of C. Brewer & Co., Ltd., and re-elected the following officers: E. D. Tenney, president; J. P. Cooke, vice president; E. Faxon Bishop, treasurer and managing director; John Waterhouse, secretary; George H. Robertson, auditor, and C. H. Cooke and C. H. Atherton, directors.

Reports made by Secretary Waterhouse and Treasurer Bishop show that the company is in an exceedingly prosperous condition and that it is keeping up to date with its experiments and efforts to realize the best fertilizer for the sugar plantations of the islands.

At the annual meeting of the Honolulu Soap Works Company, Ltd., last week, Fred L. Waldron was elected president; M. P. Robinson, vice president; R. B. Booth, secretary and treasurer; C. A. Stobie, auditor, and Cecil Brown, director.

The annual meeting of the Queen's Hospital corporation will be held tomorrow afternoon, at half-past
